Prom / Evening Gown / Outfit:

How many fittings will you need and what to expect:
1 Fitting is normal, but there may be occasions when 2 fittings are required.
We include a 1 x 20 minute appointment per person when you come to us. After this, appointment time is charged at £15 per hour.
You will need to try on your outfit in our fitting room so that it can be pinned to your figure and height.
We may need to take your body measurements during your consultation so please wear clothes that allow accurate measurements to be taken. Loose and baggy clothing is not suitable as it will add inches and will distort your body shape.
We will also ask other important questions to allow us to get to know you. This helps us to understand your requirements further.
Please note: We are not responsible for weight loss or weight gain. We may need to take your measurements to be able to begin work to your outfit
Any changes / alterations to your garment as a result of weight fluctuations will be an additional cost.
We also offer garment steaming service should you feel that your dress needs an extra spruce up before your event.
Sometimes a second fitting is required, although this is very rare. This fitting normally takes place 1 week before the event. This allows us time should we need it to make any final adjustments to your outfit.
Once you are happy you will then be able to take your outfit away with you.

What to bring with you to your fitting:
Please bring your shoes, underwear, petticoat (if you are wearing one) and a hair tie / clip.
We also require your outfit to be brought into us in a clothing bag or covering to help protect your outfit whilst it is with us. We do sell dress bags should you require it.
Please note that no food or drink can be bought into the fitting area.

Who to bring with you to your fitting:
We encourage you to bring someone along with you to share the experience with you.There is enough room for 2 friends or family members to watch the fitting process.
Children are welcome, but we would advise that an adult is present to supervise them. We want all of the focus to be on you.
If all bridesmaids dresses need altering, (3 or more bridesmaids) it is best for only the bride and bridesmaids to attend as space will be limited and they will be alot to concentrate on.

Payment:
We take a £40 deposit upfront per dress before we begin work on your outfit. This is deductible from your final bill.
The outstanding balance will be due on collection.
We can offer a payment plan if this helps to make it easier for you. This can be agreed before we commence work.
Please note: Once you leave Make-it Happen with your outfit we are not responsible for it. Should you change your mind and wish for additional changes to be made, these will be chargeable. Once your outfit leaves us you are accepting that you are happy with the work we have carried out.
